MEMORANDUM FOR: Executive Director-Comptroller
SUBJECT : Review of Publications
REFERENCE : Your Memorandum (ER 66-534) of 7 February 1966

1. We attach as Annex A a tabular statement of the serial publications which our components prepare for distribution outside the Clandestine Services, taking into account the definition of Agency publications contained in [REDACTED]

25X1

2. For information, we attach as Annex B a list of our serial issuances which fall outside that definition and which we believe you did not intend us to include in our review, such as the information reports series, and operational productions.

3. After careful examination, we have concluded that the Clandestine Services publications do not appear to be susceptible to consolidation or further appreciable streamlining. Each is unique, is designed to meet a need, and has a substantially differing set of consumers.
